## **APPLICANT TRACKING MADE EASY** *for Small Businesses*

!Trak-It Applicant SBE is a very easy-to-use Applicant Tracking System that helps you trim recruiting expenses by reducing the clerical costs of job application processing. It allows you to effortlessly generate standard letters or e-mail notices, produce EEO reports, and analyze the costs and statistics of recruiting. Because applicants can be searched for by skill, school, past employer or anything else, you can find the "right" candidate fast. With !Trak-It Applicant, a minimal amount of data is required to enter an applicant into the system. With the built-in e-mailer, communication with managers and candidates is almost effortless. Over 100 standard reports are included, as well as a custom report writer and custom letter and label generator.

### **Speed Applicant Processing**

!Trak-It Applicant SBE is an excellent solution for any size company with a high volume of job applicants because it reduces the clerical time to process applications while freeing recruiters to focus on the more critical recruitment activities. Even more time can be saved by using the !Trak-It Extract and Web options.
